

Globalroof® IN 210 Panotoit Confort

IN 210 Panotoit Confort is a thermal-acoustic flat roof system made of roof deck 0.75mm steel thickness offering medium sound insulation.

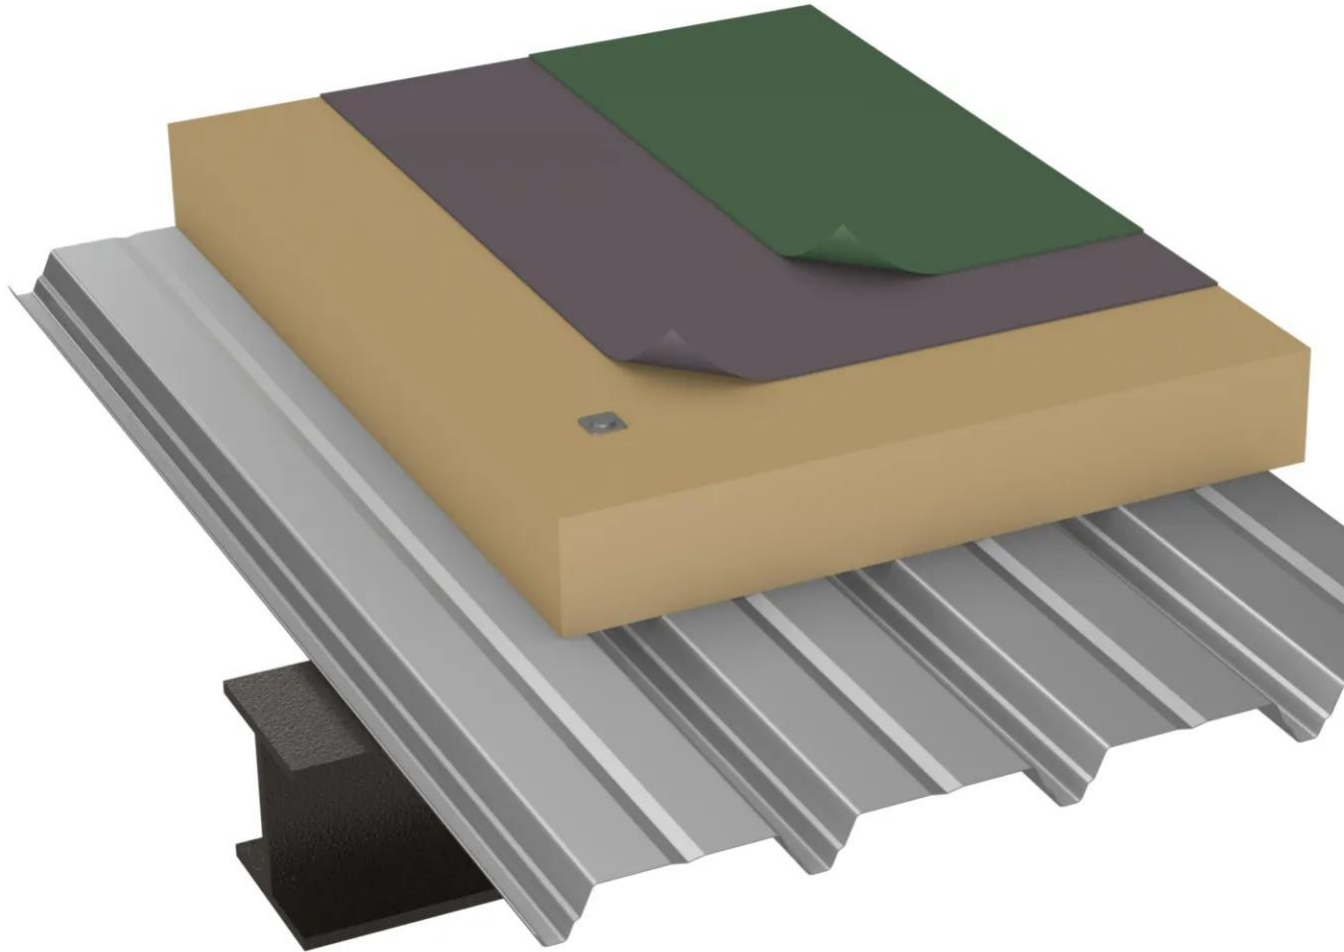

Composition :

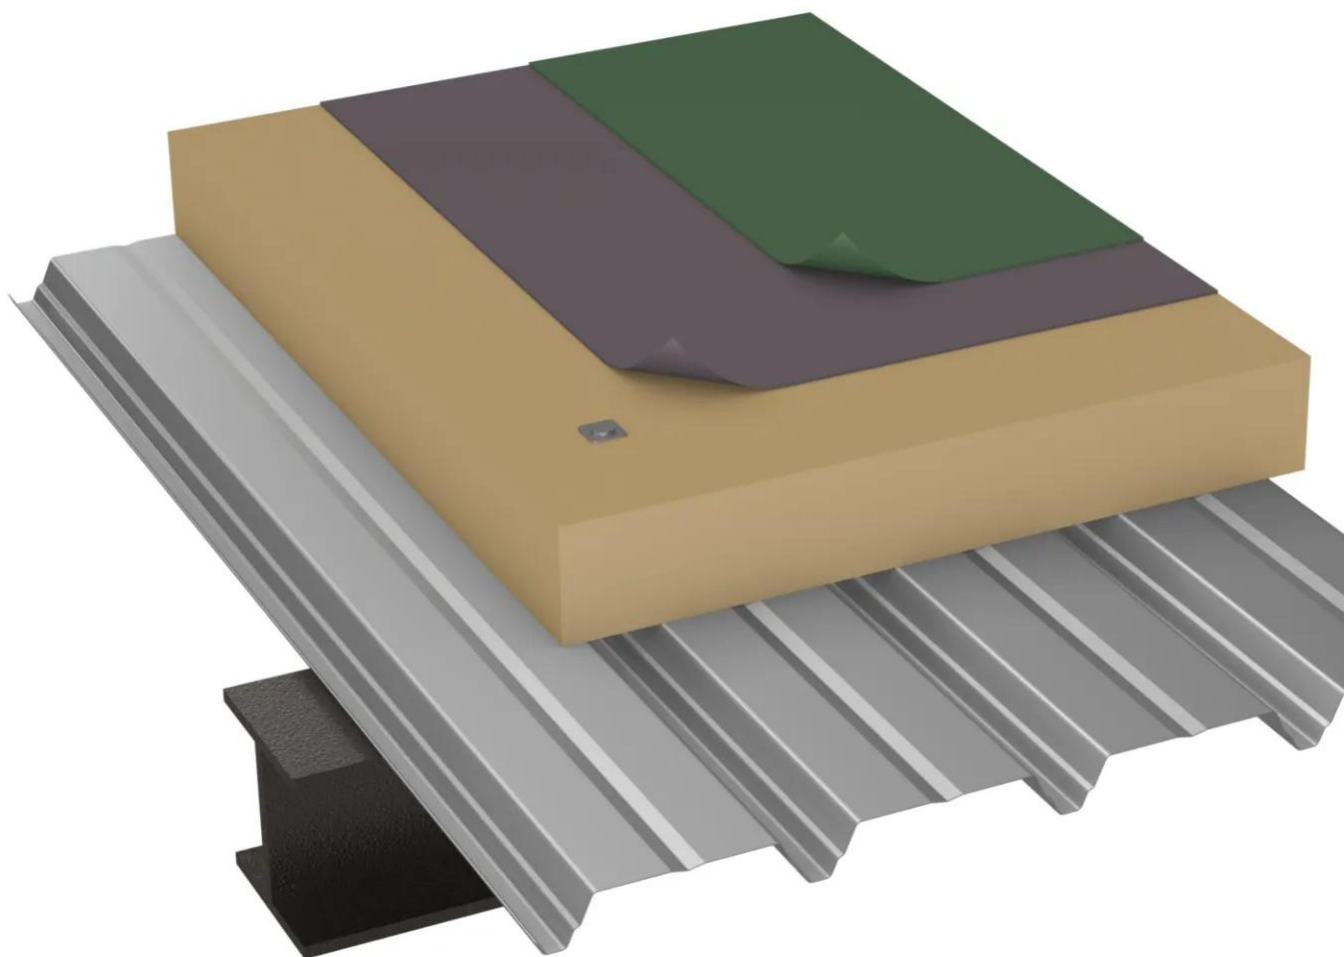

- Roof deck Hacierco 40 SR with a thickness of 0.75mm
- Panotoit Confort 120mm thick
- Multi layer bituminous waterproof membrane

Performances and characteristics :

- Sound reduction index $R_w(C;Ctr) = 39(-2;-7)$ dB
- Thermal transmittance $U_p = 0.33$ W/m².K estimated
- Weight: 25kg/m²
- Spacing: 17 m
